BUILD YOUR FIRST WEBSITE
WEB DEV ORIENTATION

Learn, code, and create

Dive into the world of modern web development. This hands-on orientation programme is designed for absolute beginners. We'll guide you through the fundamentals of HTML, CSS, and JavaScript, and show you how these core technologies come together to create beautiful, dynamic websites. No prior experience is required—just your curiosity and a passion for building!

What to Bring:

Your personal laptop

Date & Time
15th to 19th Sept, 2025
