ACTIVITY - NOTE

New Committee list is formulated for the academic year 2020-21 on 07-10-2020.

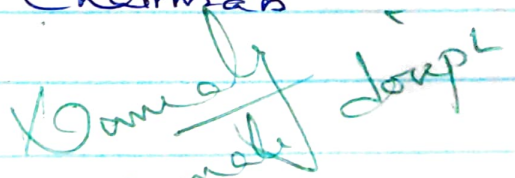

Students' welfare committee administers and makes decisions concerning student welfare, taking up issues reported by students and resolve them by bringing them to the notice of the Director. The Committee meets to discuss the problems and probable ways of improvement in the standard with respect to facilities available. It is actually an interface between the Management and Students.

Due to the pandemic condition (COVID) students were not in the campus. On-line classes are being carried out. So no meetings were conducted. No suggestions are reported till date.
