No. of IEEE Members	526
No. of Non-IEEE members	1001

Report

The virtual CS membership development program was conducted and coordinated by Abhiram T Sabu, Joseph Dennis, Benson Mathew, Cyril Sunil Zachariah, through **Google meet** and was also **streamed live on Youtube and Facebook**. The welcome note was delivered by Aney Manoj. The main speakers of the session were **Ms.Nimisha Nair**, IEEE Travancore Hub Student Representative, and **Ms.Neenu Chacko**, IEEE REM Scholar, Kochi Hub Student Representative, IEEE CS Kerala Chapter. Several participants including IEEE and NON-IEEE members participated in this session. The session was very informative and elaborated on the various benefits and importance of becoming a member of the CS society. The impact made on the students was a huge one, as the session made it easy for them to understand more about society. The feedback received from the participants was excellent.

The session mainly included the benefits of having an IEEE CS society membership, and how it would help us in various fields of our studies. They also talked about the Outstanding Chapter Award and how to work for it. They introduced us to various articles and scholarships available. All the doubts of various students concerning the membership were clearly explained and handled well. The session was very informative, interesting, and helpful.
