"IEEE DAY"

"The engineer has been, and is, a maker of history."

--James Kip Finch

The day that brought the Engineers and the IEEE members together for the first time, was remembered heartfully on 5th of October, 2021 at our college. With the theme *"Leveraging Technology for a Better Tomorrow"* , there was a get-together session for celebrating IEEE Day.

The session was initiated by the lighting of the lamp. The prominent speakers were present and shared their likeness for the opportunity and exposure we get in IEEE and experience about the conduction of the IEEE activities in the campus, both online and offline. The speakers were **Dr. Jayraj Kochupillai**(Principal, MBCCET Peermade), **Dr. Anoop KJ**(Dean of Academics, MBCCET), **Pr. Rinu Susan Roy**(Branch Councillor), **Fr. Eldho Saju**(Student Advisor). Other than the speakers and the IEEE student members, Head of Department and Chapter Advisors were also present for the session.

And after the collection and conclusion of the importance and the message of the day, the cake was cut. It was a hand made cake with IEEE day logo on it. And we celebrated and concluded the get-together with the sweet distribution among us.
