AWARENESS CLASS ABOUT SOCIAL MEDIA

Date:23/02/2020

Venue: Kudumbashree meeting Ayappancovil

Number of participants: 30

The community cell of Computer Sciences and Engineering department of Mar Baselios Christian college of engineering and technology has conducted a one-day awareness program on the pros and cons of social media focused for the local community to know more about the usage of internet in a growing society. The program was commenced at 2pm with 30 participants. The kudumbashree vice president Mrs. Maya sunilkumar addressed the gathering and president Mrs. Moly joseph inaugurated the program. The session was handled by Ms. Aryalakshmi (Assistant professor, department of computer sciences and engineering). Social media is a platform for public around the World to discuss their issues and opinions. Before knowing the actual aspects of social media people must have to know what does social media mean? Starting from the very first level explain everything about smart phone and usage of social media. The women are taught to use smart phone and social networks. A well explained power point presentation was provided to the groups for the ease of understanding.
