COGNIZANCE

Volume 5 | Issue 1 | October 2022

About the Department

The department of Computer Science and Engineering came into existence in 2001 with 4 year B.Tech Course, affiliated to MG University Kottayam. The affiliation has been changed to APJ Abdul Kalam Technical University since its inception in 2015.

The Programme admits 60 students every year with a total of around 240 students. There are sixteen committed faculty members in the department who strives to impart an outstanding education to the students to keep in pace with the IT era.

The department aims at nurturing professionals by promoting industry – institution collaborative activities, club and association activities and other skill development activities. The practical oriented learning with best hardware and software equipped labs helps our students and effortless transitions from academic to industry.

Message from the HOD

Greetings,

It is an honour and pleasure to pen down the message for COGNIZANCE, the news letter of Computer Science and Engineering department.

Our department with its eminent faculty members and competent students is working together with at most dedication and team spirit to become the centre of excellence.

This newsletter showcases the strength of our department, potential of our faculty and skills of our students, I hereby congratulate the editorial team.

VISION

To become an excellent department by empowering the graduates to address the challenges in the fast changing scenario, adhering to ethical values

MISSION

- Inculcate skills to solve complex engineering problems and instill entrepreneurial capabilities.
- Equip the students to advance with the recent trends and technology through Research and Innovations in the field of computer science.
- Facilitate the development of professional behaviour, ethical values and the spirit of service to the society.
