**REPORT ON
PERSONALITY DEVELOPMENT
PROGRAMME**

EEE Department in association with NSS Unit 180 conducted an inspiring Personality Development Program led by Mr. N.V. Paul, on 25/10/2024 aimed at empowering students with essential life skills and self-confidence. The session covered key areas such as communication, leadership, goal setting, and self-awareness. Students participated actively throughout the program, engaging in interactive discussions and activities. The session proved to be both motivational and enriching, leaving a lasting impact on all attendees. Inauguration Ceremony – A Landmark Moment

OBJECTIVE OF THE PROGRAM

The objective of the Personality Development class was to enhance the personal, social, and professional attributes of students. The session aimed to instill confidence, improve communication, leadership skills, emotional intelligence, and foster a positive attitude towards life and career.

SESSION HIGHLIGHTS

- Introduction to Personality Development
- Effective Communication Skills
- Confidence Building Techniques
- Body Language and Presentation Skills
- Stress and Time Management
- Goal Setting and Motivation
- Team Building Exercises

The class involved interactive lectures, activities, role plays, and real-life case discussions to ensure active participation of students.

OUTCOMES OF THE SESSION

- Students gained better self-awareness and understanding of their personal strengths and weaknesses.
 - Improved communication and interpersonal skills.
 - Enhanced confidence and stage presence.
 - Developed a growth-oriented mindset.
 - Understood the importance of goal-setting and discipline in personal and professional life.
-

PO AND PSO MAPPING

PO & PSO Justification

PO/PSO	Title	Justification
PO8	Ethics	Students understand professional ethics, social responsibility, and integrity through discussions and real-life case scenarios.
PO9	Individual and Team Work	Activities such as group discussions, role plays, and team tasks promote collaboration and team dynamics.
PO10	Communication	Focus is on improving verbal and non-verbal communication, public speaking, and interpersonal skills.
PO11	Project Management and Finance	Time management and leadership aspects are covered, which align with basic managerial skills.
PO12	Life-long Learning	Encourages students to embrace continuous improvement, self-motivation, and personal development beyond academics.
PSO2	Specify and Implement Electronic Systems (Soft Skills)	Although technical, this PSO includes working in teams, which requires communication and interpersonal competence, indirectly strengthened by personality development.

POSTER

GLIMPSES OF SESSION

CONCLUSION

The Personality Development class served as a valuable addition to the technical curriculum, contributing to the holistic growth of students. It not only helped improve their soft skills but also prepared them for future challenges in professional environments.
