About the Institution

Mar Baselios Christian College of Engineering & Technology, Kuttikkanam, Peermade, is a Self-Financing institution for professional education, affiliated to APJ Abdul Kalam Technological University (KTU), Trivandrum and approved by All India Council for Technical Education (AICTE), New Delhi. The college is owned and managed by the Malankara Orthodox Syrian Church, which plays a paternal role in the institutions establishment and operations. The institution focuses on offering baccalaureate degree programs in various engineering streams. In 2001, the college started functioning as a new generation engineering college. Since its inception in the year 2001, the college has been on a steady path of growth and up-gradation. Our aim is to provide our students with the best possible facilities and the right training. We emphasize on teaching excellence and wholesome learning experience and strive towards making MBC a premier educational institution.

About the Department

The Electronics and Communication Engineering department was started in the year 2001. The department offers B.Tech, M.Tech and Ph.D programs that provide students with the knowledge and tools they need to succeed in the Electronics and Communication Engineering. Electronics Engineering deals with implementation applications, principles and algorithms developed among many related fields, for example Solid-State Physics, Radio Engineering, Telecommunications, Control Systems, Signal Processing Systems, Computer Engineering, Instrumentation Engineering, Electric Power Control, Robotics and many others. The department is now meeting the requirement of technological challenges & the technical manpower requirement through its updated course curriculum, experienced faculty members, skilled supporting staffs and with the help of sophisticated laboratories.

About F D P

Education plays a significant and remedial role in balancing the socio-economic fabric of the Country. NEP 2020 is the first education policy of the 21st century, which aims to address the many growing developmental imperatives of our country and is aligned to the 2030 Agenda for Sustainable Development. This 3 day FDP programme on Strategies for Teaching - Learning in Contest with NEP-2020, which is sponsored by APJ Abdul Kalam Technological University majorly focuses on upgrading the teaching, training, and research skills of teachers especially those teachers who have not had an opportunity to acquaint themselves with recent development in teaching. The main purpose of this program is to engage the educators in skill development (teaching and research) and identify best practices to deploy in their curricula.

Significance & Objective of the programme

- Moulding a professional educator by providing assistance to the faculty members.
